FOCUSON

designed by Faro Lab

Dome evokes the architectural minimalism of the 1970s through a contemporary lens. Its opal dome diffuses a warm, uniform light that transforms the space, creating a welcoming, serene and timeless atmosphere.

Dome is a complete family comprising a table version in two sizes, a floor luminaire, a wall light and a pendant. A versatile proposal designed to ensure visual continuity and harmony in both contract and residential spaces.

The large table version and the floor version incorporate dimming, allowing the light to be adapted to each moment or activity and enabling the creation of personalised atmospheres.

Dome evoca el minimalismo arquitectónico de los años 70 con una mirada contemporánea. Su cúpula opalina difunde una luz cálida y uniforme, que transforma el espacio y genera una atmósfera acogedora, serena y atemporal.

Dome es una familia completa formada por versión de mesa en dos tamaños, luminaria de suelo, aplique y suspensión. Una propuesta versátil pensada para mantener continuidad visual y armonía en espacios contract y residenciales.

La versión de mesa en formato grande y la versión de suelo incorporan regulación de intensidad, permitiendo adaptar la luz a cada momento o actividad y crear atmósferas personalizadas.
