Nara

by Carrasquet

FOCUSON

“Nara illuminates outdoor spaces with warmth and elegance, harmonizing human comfort and nature’s rhythm to preserve the serenity of the night.”

*designed by Carrasquet*

The design of Nara, created by Carrasquet Studio, embraces warmth and sophistication for terraces and gardens. This outdoor lighting family aims to blend seamlessly into the décor, offering visual comfort and focusing on user wellbeing. But what truly sets Nara apart is its commitment to the environment and its respect for biodiversity after dark. To achieve this, it comes with an opal diffuser that keeps light dispersion in check, helping to prevent light pollution and supporting a more sustainable nighttime atmosphere in tune with nature.

The Nara collection adapts to any need thanks to its three versions: table lamp, pendant, and floor lamp.

El diseño de Nara, a cargo del estudio Carrasquet, es una apuesta por la calidez y la sofisticación en terrazas y jardines. Esta familia de luminarias de exterior busca convertirse en un elemento decorativo más, ofreciendo un confort visual y poniendo el foco en el bienestar del usuario. Sin embargo, el verdadero valor de Nara reside en su compromiso con el entorno y su respeto por la biodiversidad durante las horas de oscuridad. Para ello, incorpora un difusor opal que controla la dispersión de la luz, evitando la contaminación lumínica y favoreciendo un ambiente nocturno más sostenible y en armonía con la naturaleza.

La colección Nara se adapta a cualquier necesidad gracias a sus tres versiones: lámpara de sobremesa, colgante y pie.
