FOCUSON

designed by Nahtrang

The STUDIO collection draws inspiration from classic yet unique simple lines and elements. These elements are contemporarily reinterpreted to create luminaires that incorporate the classic heritage of the 1950s in a modern context. The main and distinctive feature is the cable fastening stem, which maintains a mimetic resemblance to a tree branch, making it special and unique. The freshness of the new color range gives them a strong identity whether used individually or combined.

A new variety of typologies is born to meet different lighting needs in the home or workspace. It includes floor lamps, table lamps, pendant lights, and wall sconces. While maintaining the essence of the past, proportions have been adapted, but the focus remains on this renewed classic.

La colección STUDIO se inspira en líneas y elementos simples clásicos pero singulares. Estos elementos se reinterpretan de manera contemporánea para dar lugar a luminarias que incorporan la herencia clásica de los años 50 en un contexto moderno. La característica principal y que la hace singular es la tija de sujeción del cable, esta mantiene la forma mimética a una rama de árbol y la hace especial y singular. La frescura de la nueva gama cromática hace que tanto solas o combinadas tengan un fuerte carácter identitario.

Nace una nueva variedad de tipologías para adaptarse a diferentes necesidades de iluminación en el hogar o el espacio de trabajo. Incluye lámpara de pie, lámpara de mesa, lámparas colgantes y aplique de pared. Manteniendo la esencia del pasado se han adaptado proporciones, pero se ha mantenido la mirada en este clásico renovado.
